

# *Get Involved with* **Sustainability at Creighton**

## **OFFICE OF SUSTAINABILITY PROGRAMS INTERN:**

The Office of Sustainability Programs employs a team of interns who work on a variety of projects throughout the year including outreach, education, programming, and reporting. Internships are posted on Handshake.

## **THE INTER RESIDENCE HALL GOVERNMENT (IRHG) ECO-REP PROGRAM:**

The Inter Residence Hall Government (IRHG) Eco-Rep Program is a first-year student position that will aid with communicating and coordinating the goals of Sustainable Creighton within the first-year residence halls. The Eco-Reps will meet regularly with the Office of Sustainability Programs, get hands-on education concerning waste and change management, and get exclusive access to sustainability and social justice courses. The Eco-Reps will aid with residence hall trainings on waste diversion, lead the hall during the annual energy reduction competition, and promote sustainable practices within their own halls and within all IRHG activities. Each first-year residence hall will have a minimum of two Eco-Reps, these Eco-Reps will have the opportunity to become Sustainable Creighton Ambassadors for the IRHG in their second year, working on high-impact initiatives in collaboration with the Office of Sustainability Programs.
